15. Multidisciplinary / interdisciplinary
The New Educational Policy 2020 insists on a Multidisciplinary

approach in Higher Education to broaden the scope of Higher Education through diversified fields of study and ensure flexibility and autonomy to the learner in the selection of the field of study. It recommends intellectual, aesthetic, social, physical, emotional and moral. NEP 2020 proposes that a holistic and multidisciplinary education shall be the approach of all undergraduate programmes, including those in professional, technical, and vocational disciplines. Multidisciplinary or interdisciplinary learning is a "whole" or "comprehensive" method that covers an idea, topic, or text by integrating multiple knowledge domains. It is a very powerful method of teaching that crosses the boundaries of a discipline or curriculum in order to enhance the scope and depth of learning.

16. Academic bank of credits (ABC):

The aim of ABC is to learn the students as per their convenience, drop education mid-way and pick it up again as per their choice and convenience. Institution has taken efforts to registering for the Academic Bank Accounts. By the time, the college is getting aware to the students to use DigiLockers, and also making them aware of the CBCS patterns, especially earned credits, and updating them regarding the facility of Academic Bank of Credits (ABC).

17. Skill development:

The institute offers vocational skill development programmes under the guidance of Shivaji University, a mix of conventional and skilled based education following the university guidelines. Moreover, the institution has introduced self-designed professional skill development courses in the emerging fields of highly rewarding career opportunities like entrepreneurship courses and GST, resulting in paradigm shift from conventional to Industry/Application based education. The institute has executed MOUs and linkages with leading industries and other organizations including NGOs to conduct the programmes in experimental learning environment. These learner centric programmes are destined to sensitize the students to cross cutting issues relevant to current pressing concerns both nationally and internationally. The programmes aim to create divergent competencies and professional skills in emerging and highly rewarding fields to attain holistic development, entrepreneurial capabilities and empowerment of the students in collaboration with partnering industries, thus, thereby, harnessing on Industry-Institution interface. The programmes are designed and implemented in realization of Fostering global

competencies and contribution to National development.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The existing faculties, especially the faculty of humanities, along with the its language departments like Marathi, Hindi and English, promotes Indian language, arts and culture. These departments, along with the other departments of humanities, endeavor to promote cultural awareness and providing the sense of identity to build strong sense and knowledge of our cultural history, arts, languages, and traditions. The existing faculties work for the cultural awareness and societal well-being and teaching languages. As languages are intricately linked to art and culture, and as they influence the overall social structure, and as art, in the form of literature, plays, music, film, etc. cannot be fully appreciated without language, languages must get due attention and care.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The institute believes that clarity, flexibility, comparison and involvement are the genuine benefits of OBE. The institute lays focus on the learning outcome that creates a clear expectation of what needs to be accomplished by the end of the course. The flexibility helps to structure the lessons around student's needs and allows to teach using learning methods to suit the cliental needs of the students. The comparison of learner's achieved outcomes at individual level helps to set new levels of outcome.

20.Distance education/online education:

Shivaji University, Kolhapur has been conducting distance and open learning center under the grants and sanction of the Distance Education Council, New Delhi. The prime objective is to provide education for those who could not get the facility of conventional education with a mission to disseminate and facilitate Higher Education to marginalized and deprived masses. The institution has a center of distance education offering UG and PG programmes from the university, especially B.A. and B.Com M.B.A., and PG in Languages and Social Sciences, especially, Marathi, Hindi, English, History, and Economics, and M.Com. for commerce graduates. This DE/OE associated center has proved beneficial to increase the vertical progression of our students and also helped to reduce the dropout. The institute support our distance mode students with the Self Instructional Material, conduct Contact Sessions and provide other facilities for fulfilling their academic needs. It has also helped to cater to

the academic needs of marginalized and deprived classes, impart ethical values through distance education and helped to assist the diverse needs of the distance learners.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

All the departments of our college prepare action plans of curricular, cocurricular and extracurricular activities for efficient delivery of curriculum prescribed by the university. For this each Department conducts Meetings. The college makes well planned academic calendar in consultation with IQAC for the effective implementation of curriculum. Regular Departmental Meetings are conducted for planning and distribution of content of curriculum for each faculty member of the Department. Thus integrated time table for all classes is prepared first and then the departmental time table is finalized. Content of syllabus of B.A. And B.com, course methods of delivery and methods of internal evaluation are also finalized while distributing particular topic or subject paper to the faculty member. For the application of the curriculum effectively, library provides syllabus of every subject

to the faculty members. Teachers are encouraged and motivated to use various Teaching Aids and Elearning recourses. Our class rooms are well equipped with facilities of information and communication technology namely internet facility, computer, LCD projector and screens. Faculties are encouraged to conduct and attend syllabus related workshops. Also in each semester before university examination preliminary exam based on university pattern of question paper are also conducted. IQAC monitors this implementation of teaching plans and details in academic calendar. The feedback collected from the students give the idea about the improvement to be carried out in the teaching learning process.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution has a well-planned policy for conduct of CIE. A time table for continuous internal examinations is prepared by the examination committee. The CIEs are conducted class wise by the concerned teachers. As suggested by IQAC the internal examination includes seminars, group discussions, poster presentation, assignments, test projects, etc. These examinations are conducted by every department as per the convenience in the frame work provided by the examination committee. The results of internal examinations are discussed in the class rooms. The feedback is given to the students. The overall performance of every department is discussed in the departmental meetings. Students academic performance is underlined through the results declared by the University of every Examination. The results are discussed, analyzed in the departmental meetings as well as in a common meeting organized by the examination committee. The college prepares and publishes 'Academic Calendar' containing the relevant information regarding the teaching-learning schedule (working days), various events to be organized, holidays, dates of internal examinations, etc. The academic calendar is prepared so that teachers and students know in advance all the activities regarding teaching-learning and evaluation process and it is also published on the website of the college. Evaluation of students' acquisition of subject knowledge through classroom learning is a significant

component of the evaluation. The college prepares a schedule of internal examinations well in advance and brings it to the notice of students. The college follows the structured evaluation pattern for the UG courses.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and

mode. Write description within 200 words.

The internal assessment process consists of unit tests, seminars, oral examinations, assignments, objective type questions, quiz tests, etc. The institution takes efforts to make them transparent and robust in terms of frequency and variety. Assessment is equally important like teaching and learning process. Teachers need frequency and variety in examination for the proper assessment of the outcomes of the teaching. The process of internal examination is communicated to the students well in advance, and the students are made aware of the evaluation system to ensure strictness and transparency in the internal examination. After midterm examination and departmental formative tests, the teachers who assess the test and examination answer papers, callbooks. The students come to know their performance, and the way papers are assessed, and marks are given in the evaluation system. Students get their doubts clarified on the very day. Besides, the idea of how to write ideal answers is made clear to the students by the concerned teachers. The college administration gives freedom to the departments to choose the method of formative evaluation to bring the variety in the methods of internal examinations and evaluation. The students on a scheduled day to hand over the copies of answerbooks. The students come to know their performance, and the way papers are assessed, and marks are given in the evaluation system. Students get their doubts clarified on the very day. Besides, the idea of how to write ideal answers is made clear to the students by the concerned teachers.

The college has clearly stated Programme Outcomes, Programme Specific Outcomes, Course Outcomes and Learning Outcomes. The Vision and Mission statements are displayed on the college website as well as in college campus. These outcomes have been set, taking into account the variety of programmes and the heterogeneity of rural and urban students. The Programme Outcomes are mentioned by the affiliating university in the syllabi prescribed to each and every class. In the beginning of every academic year the programme outcomes are verbally communicated to the students by concerned teachers. All these outcomes are explained to students in the classrooms. There are some universal learning outcomes also which are inherent in every syllabus. The students are encouraged, guided to learn and imbibe these outcomes. They are also percolated to students through organization and participation of co- curricularand extracurricular activities. The performance of students in university examinations and in different internal evaluation methods are parameters of outcome assessment. For the assessment of students, summative and formative approaches are followed to get intended learning outcomes. The teaching- learning and assessment processes are reviewed by the IQAC by way of Academic and Administrative Audit.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The institution has a mechanism to evaluate the attainment of programme outcomes, programme specific outcomes, course outcomes at each stage. Every teacher is involved in explaining the course specific learning outcomes to students. The success of the activity underlines attainment of outcomes. The institution applies formal and informal strategies to ascertain that the students achieve the learning outcomes through the course. Each and every co-curricular and extra-curricular activity is planned in accordance with certain outcomes/objectives. It is compulsory to submit annual action plan of activities to be organized with clear cut objectives to IQAC. The Principal and the CDC take into consideration the effect and usefulness of the activity while granting the permission. The learning outcomes are monitored through the performance and results of students in internal and university examinations. An analysis is carried out at department level. Feedback is provided accordingly. Regular meetings of faculty and staff are arranged through IQAC to discuss the specific learning outcomes achieved. In this way the academic performance, performance in extension activities, enrolment to higher education, number of placements made, number of awards and prizes won are the parameters to evaluate achievements of students.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Our college tries to utilize maximum facilities available for physical, academic and support services. Our college also takes care of repairing, replacement and up gradation of facilities and support services. Our administrative office is responsible for maintenance and care of physical facilities in consultation with the principal. In the meeting of purchase committee priorities are fixed and important decisions are referred to the College

Development Committee (CDC). After receiving permission from IQAC and CDC committees, the purchases and maintenance expenses are utilized as per due procedure. The college has established UGC Planning Board to study the various policies of grants and accordingly proposals are sent to UGC. IQAC and CDC committees monitor the process of maintenance expenses and utilization of funds. An external electrician takes care of electric fittings and wiring periodically. The reports and reviews received from the Purchase Committee are considered during these meetings. The essential and absolute requirements of minor expenses of maintenance or replacements or construction are immediately sanctioned in the meeting. The requirement of large expenses is sent to our institution for approval and funding. Local Management Committee (LMC)/College Development Committee (CDC) monitor overall functioning of facilities and services.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution adheres to the "Performance Based Assessment System" of UGC as directed in its regulations. The University has developed an "Academic Performance Indicator" (API) system which is based on PBAS system developed by the UGC. The college API

Committee under the purview of IQAC takes all issues seriously pertaining to appraisal system of the staff and regularly evaluates it and forwards it to the University authorities for final assessment of API score. The IQAC of the college has prepared well defined mechanism for collection of information, scrutinizing it and keeping it for future reference. As per the direction of IQAC, all the feedbacks have been collected from all the stakeholders. These feedbacks related to teaching, non-teaching and administration work have been analyzed and appropriate actions are taken. Outcome of PBAS: The PBAS proves very effective for developing 'quality culture'. It helps the teaching and non-teaching staff to judge their own performance. The confidential reports of non teaching staff are prepared, analyzed and communicated to the principal. The necessary follow up to improve the overall activities is taken from time to time.
